URGENT ATTENTION: ALL NWL MEMBERS

Check your EVENT HISTORY on Lotus Garden NOW!

What is Lotus Garden (LG)?
LG is an exclusive application for NWL members that records all the workshops you attended and will be used for all registrations in the future.

Why is this important?
- Your event history determines your **eligibility** and **fees**
- If the data is inaccurate, you may be **ineligible to attend higher level workshops** or **miss out on discounts**

What do I need to check?
- Profile
- Event History
- Regression History (for Spiritual Retreat Level and above)

(Supporting documents accepted for data corrections are limited to: Certificate or statement letter from coordinators of the event)

How do I do this?
